adapt<sup>®</sup> 500

... good ergonomics

# adapt<sup>®</sup> 500

The adapt<sup>®</sup> 500 range provides excellent ergonomics and is the entry point to the adapt<sup>®</sup> family.

With three backrest sizes and two seats to choose from, further enhance the template by selecting what you need from our adaptations<sup>™</sup> options.

As you would expect from adapt<sup>®</sup> an inflatable lumbar support, memory-foam seat and a free-float mechanism are included as standard.

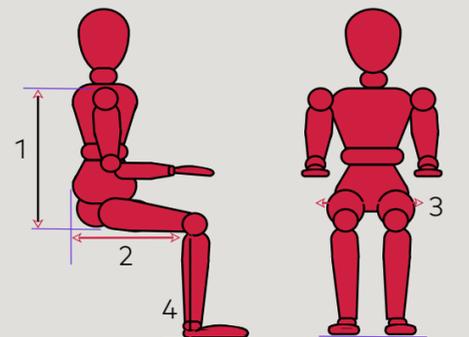

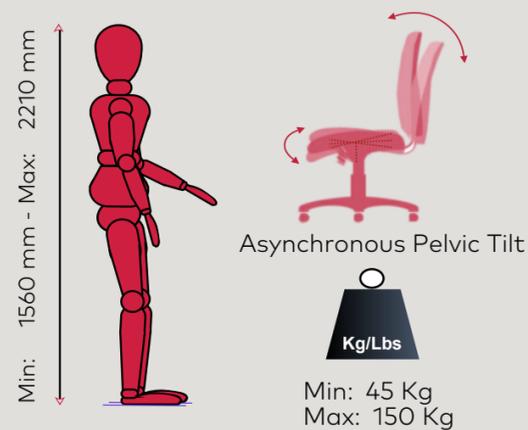

# innovative seating

...because people are not made to standard specifications

## Range Overview

	Min:	Max:
1. Back Height	420mm	650mm
2. Back Width	420mm	465mm
3. Seat Depth	410mm	610mm
4. Seat Width	410mm	610mm
5. Seat Height	410mm	620mm

Tested to BS 5459: Part 2 : 2000 template dimensions shown for guidance only.

## Backrest Sizes

## Seat Sizes

XL and XXL seat options are available in this range to achieve greater width and depth, up to the maximum dimensions shown in Range Overview

Our Adapt<sup>®</sup> ranges are now even simpler to specify, using the easiSpec<sup>®</sup> system.

By taking a few simple measurements our Range Selector will help you choose which Adapt<sup>®</sup> range is best for your needs.

The corresponding easiSpec<sup>®</sup> guide will then take you through the adaptations<sup>™</sup> steps, such as arm and neck supports and air-cell options, to arrive at your ideal chair prescription.
