

Maxi

Traditional tricycle

The Maxi is a traditional, yet trendy tricycle for adults. Due to its three wheels, you are stable on the bike, and you feel safe while cycling. In addition, the bike runs lightly and is easily manoeuvrable.

On the Maxi, you have a higher seating position. This gives you a good overview of the road and your surroundings while cycling. After a visit to the store, you can easily take your groceries with you in the optional basket.

Due to its accessible step-through, getting on and off the bike is very convenient. Like most other Van Raam bikes, the Maxi is also available with an electric motor for pedal assist.

"Because of an infarction, I was no longer able to cycle. The Maxi was the solution for me to cycle again!" - Eva
